Thrift Bulletin 48-3

Attached are the revised General and Premium Assessment Fee Schedules. The schedules supersede the assessment rates previously published by the Office of Thrift Supervision (OTS) in the TB-48 series.

The OTS has lowered its rates from those charged in the 4th quarter of 1990. This reduction was made possible by a streamlining of the current operations of the OTS and the development of new revenue sources. These new rates will remain in effect until superseded.

The first quarter assessment is based on an institution's consolidated total assets as reported in the September 1990 Thrift Financial Report.
